

Partnerships In Action: Sharing the Responsibility for Drinking Water Protection

EPA Source Water Protection Conference
Washington, D.C. - June 3, 2003

Susan S. Seacrest
President, The Groundwater Foundation

The infographic features a central blue circle with white text, surrounded by six smaller blue circles, each containing text. These are all set against a dark blue background with several concentric white circles. The central circle is the largest and is the focal point of the diagram. The surrounding circles are of equal size and are arranged in a ring around the center. Each circle is connected to the center by a thin white line. The text in each circle is in all caps and is white, providing high contrast against the blue background.
